

What is Physics?

A GCSE Physics taster

You are invited to bring a group of **year 10** students to this half day event at a SEPnet Partner university campus.

The event covers '**Energy and Energy Resources**' as detailed in the GCSE specification, and includes:

- An introductory talk on energy in the world around us
- An exhibition of hands on activities exploring energy and its use
- A quiz to reinforce the material covered

Dates and venues available:

15th September, AM or PM,
University of Southampton
